

SUPPLEMENTAL APPLICATION REQUEST FOR RECONSIDERATION

Under section 60851 of title 2 of the California Code of Regulations, if the Bureau of State Audits or the Applicant Review Panel decides to exclude or remove an applicant from the pool of applicants being considered for selection to the Citizens Redistricting Commission, the applicant may request reconsideration of the decision if the decision was the result of an error relating to:

- Having a conflict of interest;
- Failing to satisfy the eligibility requirements for serving on the commission; or
- Failing to comply with the procedural requirements of the application process.

To request reconsideration of the decision to exclude or remove you from the applicant pool because the decision was based on an error, as described above, please provide the following information and submit it to the Bureau of State Audits by e-mail, facsimile, or delivery to the address stated at the bottom of this form. This form must be received by the bureau no later than 10 days after the date of the notification that you were excluded or removed from the applicant pool.

Name: Syeda R Yunus: Applicant # 18292

Date of the notice of exclusion or removal: **April 19, 2010**

Description of the error that caused the exclusion or removal (if the error involves a particular question on an application, identify the question in describing the error): I received the following as a reason to exclude my application from the pool: **“You have a special or bona fide relationship with a family member whose activities cause you to have a conflict of interest.” (I am assuming related to pertinent responses about my father’s political activities).**

Description of the correct facts establishing that you should not have been excluded or removed (if the error involves a particular question on an application, state the correct answer to the question as it should have been entered):

One of the questions asked if a relative spent over \$2,000 on a campaign. I replied in the affirmative as my father had run for local office – Washington Health Care Center in 2002 (Alameda County) and he had contributed to his own campaign. He had also been a national delegate for the Republican Party in 2000.

I also replied that I had a bona fide relationship because I do, as a daughter, sometimes look after my father and not charge any money for doing so.

I do not believe there would be conflict of interest because he is essentially incapacitated after having multiple strokes and other health problems. Moreover, there are others who provide more care and my parents have hired people who are professional care-givers to seniors thus not needing as much help from me or my siblings.

Description of any evidence or other information that supports the facts as you now state them: **1) I have never been affiliated at all with the Republican Party. 2) My father has been diagnosed with some dementia and has limited or no recollection of many such past events and therefore would not be in any position to influence me.**

If this request is being submitted more than 10 days after you were sent notice that were excluded or removed from the applicant pool, an explanation for why this request is being submitted late: N/A

I affirm, by signing or typing my name below, that the statements contained in this Request For Reconsideration are true and correct to the best of my knowledge.
